## EXPERIENCE

### SENIOR UX CONSULTANT, DANSKE BANK

Copenhagen, Denmark | Sept 2017 - May 2018

*Researched, prototyped, tested, and QA'd many different parts of a highly-complex, client-facing financial platform serving corporations and institutions in Denmark, as part of a versatile UX team. Ensured UX was on track with the development agile process.*

### LEAD UX CONSULTANT, VING

Stockholm, Sweden | March 2017 - July 2017

*Worked closely with both back-and-frontend developers (in Sweden and Ukraine) as the sole resource for the overall information architecture, workshops, rapid prototyping, extensive user testing, and coaching junior UX staff.*

### UX CONSULTANT, RIKSTV

Oslo, Norway | February 2017 - March 2017

*Designed and user tested a new internal call center logging tool for the client, with a focus on fast, keyboard-based interactions. Conducted multiple surveys, interviews, stakeholder workshops, and a final presentation.*

### UX CONSULTANT, PRIMEKEY

Stockholm, Sweden | January 2017 - February 2017

*I conducted an exploratory information architecture overhaul for the flagship platform, improved the UX of extremely complex interfaces, and convinced crucial stakeholders of the UX benefits as they proceeded to implement the findings and design suggestions.*

### FREELANCE UX, PAC Method

Split, Croatia | Oct 2015 - Oct 2016

*I reserached and created a new onboarding experience through the use of personas, user journeys, and interviews for a secure file-sharing startup.*

### INTERACTION DESIGN AKADEMISKA HOSPITAL

Uppsala, Sweden | Jan 2015 - June 2015

*Part of a team to create a critical hospital trauma ward interface that keeps staff informed of vital patient parameters. The design won approval of key staff members.*
